Section One Executive Summary

1.1. INTRODUCTION

The Business Plan sets out the future direction and priorities that will be pursued by Princess Royal Trust Lanarkshire Carers Centre Ltd over the period 1 April 2016 to March 2020. Operating as Lanarkshire Carers Centre, the charity is an independent legal entity and also affiliated as a network partner to the Carers Trust.

This updated business plan has been prepared and approved by the trustees to assist the charity move forward with a clear sense of purpose and direction in what will be challenging times. The need for a quality assured, effective, adaptable and dedicated carer support service is widely recognised and Lanarkshire Carers Centre is best placed to deliver this.

The Business Plan has been prepared following a detailed analysis of current service activity; an assessment of local demand for carers support services within Lanarkshire and issues raised directly by carers themselves; a review of the policy context; and consideration of the funding environment. This information has been used to identify the future development priorities and service activity for the organisation. The Business Plan sets out the plan for continued development of the organisation over the next four years, and outlines the associated costs and funding strategy that will be pursued.

2015 was Lanarkshire Carers Centre's 20 year anniversary delivering carers support services across Lanarkshire. Established in 1995, the charity has grown and developed whilst retaining the central focus of ensuring carers have access to the support they need to sustain their caring role.

Lanarkshire Carers Centre has good working relationships with a range of partner agencies within the public and voluntary sectors in Lanarkshire, and is recognised as the key provider of carer support services within the area. The organisation has developed a track record in service delivery and is highly respected in the local area.

An outline of the key achievements of the organisation throughout the timeframe of our previous business plan includes:

- Lanarkshire Carers Centre has grown and developed the range of services provided and increased the number of carers supported
- Lanarkshire Carers Centre has completed a comprehensive review of all services, systems, policies and procedures to improve effectiveness and efficiency going forward
- Delivery of tailored, innovative and flexible services in response to carers needs including information, advice, individual and group work carer support, and carer training programme
- Delivery of project activity including support for Black and Minority Ethnic Carers, and Independent Services including pampering, foot clinics, and legal clinics
- Completed an 'On the Margins' Scoping exercise in partnership with MECOPP supporting the development of the Chinese Community Engagement project to further enhance our Black and Minority Ethnic Carer Support work.
- Developed a Short Breaks Carers Information Service which includes the administration of a substantial Creative Breaks Fund for carers across Lanarkshire and a Respite pilot
- Conducted a feasibility study to determine the needs of Young Adult Carers and evidence the requirement for a new dedicated service for this demographic
- Skilled and dedicated Board of Directors, both carers and former carers,

governing the organisation

- Re-located registered office to new fit-for-purpose premises in Hamilton Town Centre and maintained and expanded the second base in Airdrie locality
- Developed and provided a wide range of training opportunities at the beginning, during and end of the caring journey, informed by a comprehensive training needs analysis
- Developed robust referral procedures to facilitate access to our services and ensure compliance with data protection and information sharing legislation
- Reviewed all aspects of our performance management and how we record, review and report on activities
- Developed robust systems and processes supported by bespoke recording and reporting systems
- Renewed and achieved quality assurance systems including PQASSO, Healthy Working Lives and Volunteer Friendly awards
- Delivery of quality assured and outcome focussed services
- Service Level Agreements in place with public bodies and approved service providers
- Good joint working arrangements and collaborative working at both locality and strategic levels across two local authority areas

1.2. DEVELOPMENT FRAMEWORK

The Business Plan has been prepared in consultation with key stakeholders. It has also been designed to embrace the changes that are taking place within the operating and funding environment, and the need to ensure the strategic integration of the work of Lanarkshire Carers Centre with a number of key policy areas at both a local and national level.

In particular, the priorities set out in the Business Plan have been informed by a number of factors which include:

- **Dovetailing with local and national priorities relating to carers.** Lanarkshire Carers Centre has an outcome focussed approach setting out clearly the impact the work of the charity has in relation to Local Carers Strategies and Carers

Information Strategy, National Health Improvement Outcomes and Community Planning Priorities

- **Responding to the direction and priorities identified through the Carers Scotland Act, Integration of Health and Social Care and the Self Directed Support Act.** Lanarkshire Carers Centre has a rights based approach, working with carers and partners to fulfil this in Lanarkshire
- **Building capacity to support an increased number of carers in a flexible and responsive way.** Lanarkshire Carers Centre delivers effective and efficient services in response to the needs of new and existing carers

The Business Plan has been designed to set out how we respond to the current funding environment and continue to deliver a comprehensive range of carer information, advice and support services.

The vision of Lanarkshire Carers Centre is underpinned by a commitment to place carers at the heart of the organisation and ensure that our services are as effective and accessible regardless of personal circumstances or caring situations. Our vision is:

'Lanarkshire Carers Centre works with and for carers to develop and deliver services that make a positive difference to the lives of carers in Lanarkshire'

The mission statement of Lanarkshire Carers Centre is underpinned by the values of the organisation that are embedded in everything we do. Our mission statement is:

'To ensure that carers in Lanarkshire are well informed, involved, supported, and empowered'

The values come from people who have dedicated much of their lives to caring for others and are reflected in the conduct, behaviours and attitude of trustees, staff and volunteers:

Lanarkshire Carers Centre works to empower carers to take a full part in all areas of its work and believes that carer involvement should be more than consultation. It should empower carers to take a central role in designing, developing and delivering services

and to take ownership and responsibility for services.

Lanarkshire Carers Centre is a valuable resource to carers, carers groups and organisations. Our aims:

- Carers in Lanarkshire are identified to ensure that they are informed, supported and empowered to manage and sustain their caring roles
- Carers can access breaks from their caring role and enjoy a life outside caring
- Preventative and emotional support is available to carers at an early stage and ongoing throughout their caring journey
- Carers have a voice which is heard, listened to and effective
- Carers receive training and development relevant to their caring role
- Communities and partner organisations are aware of carers and their issues
- Ensure carers are aware of their rights and are recognised and valued as equal partners in care

1.3. PRIORITY AREAS

The future service activity and work of the organisation has been structured around the capacity to deliver core and project services developed over many years. It acknowledges the need for continuous development in response to identified needs and priorities.
